Meeting adjourned.

W. A. DOUGLASS, Secretary.

REPORT OF THE PRESIDENT OF THE PRESBYTERIAN HOSPITAL

To the Members of the Society, the Churches, and All Our Other Friends:

The past year has been a notable one in our history. By the will of the late Mr. Thomas Murdoch, who died December 25, 1909, the Hospital was named as one of the beneficiaries in the residue of his estate. The amount of this legacy may exceed \$500,000, and this is the largest gift ever made to us. The large bequest of Mr. Daniel K. Jones, in 1886, marked a very important epoch in the annals of the Hospital. With that fund, the building known as the Jones Building was erected and a substantial amount added to our endowment fund. From that day the Presbyterian Hospital entered upon a career of usefulness which has been steadily extending. This second very large gift opens the opportunity for still further increase in our development and marks a second great step in our advancement.

The will specifies that, "The said gift to the Presbyterian Hospital of Chicago be used in establishing and endowing a department of the Hospital owned and controlled by said corporation, for women or children, or both, and such endowment shall be called the Jane Murdoch Memorial Fund, in memory of my sister Jane." The trustees of the will of Mr. Murdoch have expressed the opinion that his wishes would be best carried out by using a portion of the fund for a new building in the place of what is now known as the Ross-Hamill Building. In compliance with that opinion, the Board of Managers has decided to erect such a building at as early a date as possible. It will be a modern fire-proof construction, with all the latest sanitary appliances for the care of the sick, and when completed we shall have a modern fire-proof plant thoroughly equipped in every detail.

It should be remembered that this money was left for a specific purpose, and also that the money from this bequest can not be distributed for a year. It will, therefore, be necessary for our friends to assist us with their donations as they have heretofore done in order that the same amount of charity work may be continued.

The Board earnestly hopes that the example of such a rare generosity and thoughtful remembrance of the needs of the sick of this city, as was shown by Mr. Murdoch, will prove inspiring to others, and that as time goes on more

such gifts will be made to the Hospital which will enable it greatly to increase its usefulness.

Mrs. Francis E. Curtiss died January 12, 1910. She was for many years a prominent member of the Woman's Auxiliary Board and greatly interested in the welfare of the Hospital. This interest she emphasized by a bequest in her will of \$30,000 for the endowment of three rooms to be named as directed and to be under the control of the Second Church when needed by it.

In previous reports we have called attention to the utter inadequacy of the home for the Training School. The present buildings are badly crowded, and in addition we have been obliged for the past year to give up one floor in our Private Pavilion for the use of our nurses. This deprives us of a considerable part of the Pavilion, and to that extent cripples our earning capacity. It must not be forgotten that the Private Pavilion was built for the purpose of accommodating people who had the means to pay for such facilities, and at such price as would show a profit. It is in no sense a charity, and the amount of work done in it should be considered apart from the general work of the Hospital. It was believed that a need existed for such accommodation and that people who had the means to afford it would gladly avail themselves of it, and that the profit from the Pavilion would be equal to the interest on the amount which the building cost, and therefore become an endowment for the Hospital.

The Board is pleased to be able to report that this belief is being substantiated, and that the experience of the past five months shows that the Pavilion can be relied upon to afford a material help in the expenses of the general Hospital.

A new home should be erected with a capacity for 150 nurses. In this home a department for social service workers should be inaugurated. This department should have visiting nurses in sufficient number to visit our patients after they are discharged from the Hospital and assist them during their convalescence. This would become a very important part of the work of the Hospital, and of untold benefit to poor people who are obliged to leave as soon as they are able to be moved, but in most cases need help and advice until they are thoroughly strong and well.

This department would also investigate the home conditions of our patients as an aid to their treatment in the Hospital. It would direct and assist people to go to special charitable agencies where the Hospital was unable to afford the needed relief. It would co-operate with and assist the United Charities and materially aid in obtaining information for measures to be taken for the prevention of disease in the community and for better sanitary conditions for the poor.

It is believed that with such a department there would be in every class of our Training School one or more nurses who would be attracted to that service and fit themselves for it, thus making a body of specially trained nurses for that purpose.

There should also be a pavilion separate from any other building for the care of children. The presence of children in a hospital is always a source

of danger, as from them infection is more apt to develop. This would be prevented if the service was installed in a separate building.

"This Hospital is located in immediate proximity to the most congested wards of the city, and with a population most in need of a large, free hospital for sick children. The two great hygienic movements which are commanding the largest activity on the part of philanthropists, and of the medical profession, are the anti-tuberculosis crusade and the saving of child-life. A separate pavilion for sick children at this Hospital could render invaluable service in both of these directions. For example, the group of children with incipient tuberculosis, not in the communicable stage, is a very large one and one for which no provision is made in Chicago, excepting to a very limited degree by the Home for Crippled Children. The Tuberculosis Institute discovered last year 423 tuberculous children, the great majority of whom were curable, but for whom no adequate provisions were made in Chicago. A large proportion of these cases are in the district immediately contiguous to the Presbyterian Hospital."

The above is a quotation from a report of the faculty of Rush Medical College in the children's service to our Board.

Some of the saddest sights in our children's department are what are known to us as "feeding cases," which are children brought to us suffering from mal-nutrition, caused by the ignorance of their mothers. They are practically starving to death, and in some cases are in the last stages of emaciation. We have had unusual success with such patients and almost invariably discharge them in good condition, only to receive them back after a short lapse of time. Some of them journey periodically from their homes to the Hospital and back to their homes until finally they do not come to us and their journeys in this world are over.

Our belief is that a department for the education of mothers in the feeding of their babies could be carried on with great success, and in time lead to the saving of the lives of a great many children in this vicinity. This could be made a department of the children's service. It might be possible, also, to establish in connection with it a sort of day nursery, where children could be left by their mothers when they are at work during the day, and in this way a better opportunity given to instruct and educate such mothers in the care of their children. These demands for rendering an invaluable service to this portion of our city ought not to be neglected.

The Board acknowledges with great gratitude the liberality and generosity of our friends in the past, and earnestly hopes that the presentation of these needs at our doors may arouse friends to furnish the means for meeting them.

The Board of Managers is anxious to do this work which is so pressing and so entirely beyond our present facilities. If the necessary means are given us the Hospital can at once become an important factor in the solution of the great question of the public health of our city.

The report of our Superintendent shows a very large increase in our work over any previous year in our history. The high prices for all supplies, to which attention has been called during the past two years, has continued

through the last. It has been very difficult to administer the Hospital without a deficit, but, thanks to our friends, the year closes with a slight balance to our credit. To our internes and nurses who have steadily maintained a higher standard of nursing and general service, and to all the employes of the Hospital who have shown most loyal service to its work, thanks are due for their contribution to this gratifying result.

The Woman's Auxiliary Board has rendered important assistance during the past year. Attention is called to their report in another place. The active, loyal interest of these devoted women merits and receives our sincere appreciation and thanks.

During the year all the histories of patients in the Hospital since 1900 have been carefully examined, thoroughly card indexed, and properly classified in the most modern manner under the supervision of Dr. Billings. The same expert is now continuing this work daily and a more careful system than ever before is inaugurated. This cannot fail to be of great benefit to the staff and the hospital.

The increased demands of our Medical Staff, in respect to appliances, diet, and other requirements necessitated by modern methods, have been met as fully as possible. These demands are justified by the results to our patients but add largely to the cost of administration. It has been the policy of the Board to obtain the highest degree of efficiency in medical and surgical practice, and nursing and teaching, combined with the most careful economy consistent with such standard. A possible comparison of figures with other hospitals, or desire to show a low per capita of expense, has not been allowed to stand in the way of our effort to obtain the best results.

ALBERT M. DAY.

Auditor's Report

For the year ending March 31, 1910

ARTHUR YOUNG & COMPANY,
CERTIFIED PUBLIC ACCOUNTANTS.
1315 Monadnock Block.

CHICAGO, May 26, 1910.

*To the Board of Trustees of the Presbyterian Hospital of the City of Chicago,
Chicago:*

DEAR SIRS—

We have examined the books and accounts of the Presbyterian Hospital of the City of Chicago for the year ending March 31, 1910, and beg to submit herewith the following statements:

Statement of Income and Expenditure for the year ending March 31, 1910.

Statement of Receipts and Disbursements for the year ending March 31, 1910.

The Income and Expenditure Account for the past year shows a net gain of \$230, after setting up a reserve of \$12,000 for renewals and general repairs, as compared with a deficit of \$3,464.70 for the preceding year.

Insurance in force as at March 31, 1910, as per policies in hands of Treasurer, which were examined by us, was as follows:

Property Insured.	Building.	Contents, or Furniture and Fixtures.	Sundry.
Jones Memorial	\$144,000.00	\$23,500.00
Ross and Hamill.....	30,000.00	17,500.00
New Private Pavilion.....	200,000.00	25,000.00
New Power Plant and Morgue.....	100,000.00	5,000.00
Ambulance	\$ 800.00
5727 Madison Avenue.....	2,000.00
Liability (maximum).....	35,000.00
	<hr/>	<hr/>	<hr/>
	\$476,000.00	\$71,000.00	\$35,800.00

No inventory was taken at close of period. Unexpired insurance was not taken into consideration.

The securities, investments of the several funds, have been examined by us.

Yours faithfully,

ARTHUR YOUNG & Co.

RULES FOR THE ADMISSION OF PATIENTS OF The Presbyterian Hospital

1. Patients suffering from severe accidents or serious illness shall be admitted to the Hospital at any hour of the day or night.

2. Other patients shall be admitted between 9 o'clock A. M. and 5 o'clock P. M.

They must apply in person at the office of the Hospital, where they will be examined by the Medical Superintendent of the Hospital or some other physician or surgeon appointed by him for that purpose.

In case the patient cannot apply in person, the Medical Superintendent shall satisfy himself that the case is a proper one for the Hospital before admission can be granted.

3. Any physician or surgeon may send to the Hospital such pay patients as may be properly admitted, but no patient shall be admitted to any of the endowed beds, except by the permission of the Superintendent, or upon the recommendation of a member of the Board of Managers, signed by the President.

4. Applications for the admission of patients must be accompanied by a certificate of a physician or some reputable persons in their neighborhood, if not recommended by a member of the Medical Board, and in no instance shall a patient who is able to pay be admitted without such a certificate.

5. No patient shall be allowed to remain in the Hospital longer than three months, except upon the recommendation of the attending physician or surgeon.

6. Infectious or contagious cases are not admitted or those who from the nature of their illness would occasion discomfort to others.

FREE BEDS AND MEMBERS

A donation of ten thousand dollars entitles the donor to designate a room in the Private Pavilion which shall be named as desired by the donor, and remain as a perpetual memorial.

A donation of seventy-five hundred dollars endows a bed in perpetuity.

A donation five thousand dollars endows a bed during one life.

A donation of five thousand dollars endows a bed in the children's ward in perpetuity.

A donation of three hundred dollars annually entitles the donor to nominate a patient to a free bed in the general wards.

A donation of one hundred dollars or more constitutes the donor a life member of the institution.

A yearly donation of ten dollars constitutes an annual member.

RULES FOR VISITORS

1. Visitors will be admitted to the Hospital on Sundays, Tuesdays and Thursdays, from 2 to 4 P. M., and at no other time, except by special permission.
 2. Not more than two visitors will be admitted to see any patient in one day, and children will not be admitted except by special permission.
 3. No male visitor, except a near relative, will be admitted to the female wards, and no female, except a near relative, will be admitted to the male wards.
 4. Articles of food or drink must not be carried into the wards; they must be left with the head nurse of the floor, and if approved by the physician will be sent to the patient.
 5. Visitors must observe perfect order and propriety while in the Hospital; must confine their visits to their immediate friends, and leave the building promptly at the ringing of the bell announcing the end of the visiting hours.
 6. In case of alarming illness, of which due notice will always be given if practicable, to the immediate relatives or friends of a patient, visits will not be restricted to the regular days or hours.
- Any violation of these rules will subject the offender to exclusion from the premises.

THE SEVENTH ANNUAL REPORT

OF THE

School for Nurses

OF

THE PRESBYTERIAN HOSPITAL

Mr. President and Members of the Board of Managers:

The seventh annual report of the school has nothing of an unusual nature to record. The number of pupils enrolled has averaged 105, fourteen of these being in the preliminary department. The addition of fourteen permanent graduate nurses brings the total average to 119, a number scarcely sufficient to take care of the 4,483 patients admitted this year to the hospital, the eleven clinics of the Central Free Dispensary, with its average 380 daily patients, the nineteen weekly surgical, medical and other clinics of the Rush Medical College and the work of the outside obstetrical service—all of which are depending upon the School for nursing care. Five hundred and seventy-four visits have been made to obstetrical cases outside of the hospital. As each of these visits represents from one to three hours of the nurses' time, this department, most important as a method of assistance to the poor in time of need and valuable as a means of education to the student nurse, draws considerably upon the resources of the school.

In spite of the large increase of general nursing demanded by the Hospital, it has been possible to accomplish by the school 961 days of special nursing, while graduate nurses have been called upon to take care of the remaining 9,170 days required by private patients. Graduate nurses also have been sent by the registry in response to 215 calls for assistance from homes in the city and near-by towns. To assist the baby sanitarium at Jackson Park, during July and August, our pupils gave 152 days' nursing service, and to help establish nursing care for the insane of Illinois, 484 days at the Elgin State Hospital for the Insane.

Constantly calls upon the school are increasing and only lack of suitable endowment, need of which is becoming continually more apparent, holds it from responding to many opportunities for service and development.

The necessity of an addition to the Home, reported last year, is this year still more urgent.

Twenty-four nurses were granted diplomas in June, bringing the list up to sixty-six graduates.

The policy of instruction for our students has remained unchanged and we are again indebted to the members of the faculty of the Rush Medical College, as also to all other instructors, for the teaching assistance given.

To Dr. Herrick and Dr. Irons, physicians to the School, to the members of the Hospital Staff and to those of the Central Free Dispensary who have given professional assistance, we are most grateful and return thanks to them as well as to all other friends of the School.

Respectfully submitted,

M. HELENA McMILLAN,
Superintendent of Nurses and Principal of the School.

WOMAN'S AUXILIARY BOARD OF THE PRESBYTERIAN HOSPITAL

Report of the Secretary for the year ending March 31, 1910:

Since the last annual meeting, held April 5, 1909, the Woman's Auxiliary Board has held meetings each month, with the exception of July and August, and one special meeting in March. The Executive Committee has held 10 regular meetings and 5 special meetings.

There have been 33 new members added to the roll and 15 resignations. The Board has lost 5 of its members by death—Mrs. Charles D. Hamill, Honorary President; Mrs. Henry Curtiss, Mrs. James Fraser, Mrs. Chester Hart, Mrs. Hugh Templeton.

The average attendance has been 74, with a present enrollment of 178.

Since the last report 5 churches have been added to our membership, making a total of 51 churches, of which 47 are Presbyterian and 4 Congregational.

Respectfully submitted,

ELIZABETH GATES ROSS,
Secretary.

REPORT OF LIBRARY COMMITTEE FOR YEAR ENDING APRIL 1, 1910

Received, covered and distributed 434 books; also a large number of magazines. Four members have been added to the Committee. Bi-monthly meetings are held at which books are covered and the cases replenished. During the year the large cases have been thoroughly gone over and the books classified as far as possible. Material eliminated has either been given to our Social Service visitor, Miss Persons, for use in her work or sent to the Cook County Hospital, or to our own contagious ward. The book shower of the Woman's Auxiliary Board in March added 102 new books to our collection. Five dollars cash received will be spent for books in foreign tongues or for subscriptions to monthly magazines. The daily and weekly foreign papers sent to the hospital are of the greatest comfort to patients who are unable to read English. The children have been made happy with contributions of new and beautiful scrap-books made by the young ladies of the Brookline Church, and by paper dolls and two cloth books made by little girls 7 and 8 years of age of the Hinsdale Church.

The committee feels that the establishment of a library to meet the requirements of all who come to the Presbyterian Hospital is assured, and expresses its thanks for all donations.

MRS. JOHN MILTON DODSON,
Chairman Pro Tem.

REPORT OF SOCIAL SERVICE COMMITTEE

While the carrying out of prophylactic measures to complete the cure of the discharged patient was the original object of social service in connection with hospitals, in our work we have not restricted our attention to the patient who has been in the hospital, but have tried to reach every member of the family into which the patient returned on leaving the hospital.

Naturally the improvement of home conditions for the sake of the patient has benefited the rest of the family, but we frequently find several patients in a home to which we have followed but one. Following up a child after a slight surgical operation has brought us to a mother with tuberculosis, unfortunately beyond the curable stage; a mother and babe have introduced us to older children with chorea, strabismus and other ailments of childhood. This multiplication of cases through the family is so common that the number with which we have come in contact and helped, or tried to help, far exceeds our original hospital cases. Our visitor, Miss Persons, reports that in the six months since we began this work 225 cases have been followed from the hospital or dispensary and 160 additional found in the homes. Of

these 34 were out maternity cases and 152 were children. The number of calls made was 838.

During the early part of the winter considerable help in the way of clothing was given and at Christmas a special effort was made to bring holiday cheer to thirteen families. Financial aid was also extended in the way of loans to the amount of \$32.50, the most of which has been repaid. Twenty-four families were helped in some material way during the winter. Substantial donations from the President of the Board of Managers and different members of the Woman's Auxiliary Board, as well as generous gifts from other friends made these things possible. In January \$50 was raised, principally by the members of the Woman's Auxiliary Board, toward an artificial foot for a man who had had an amputation in the hospital. Books and magazines that were donated by the Library Committee are joyfully received in the homes of our patients.

Following is a list of the various charitable institutions that have cooperated with us in various ways:

Bureau of Personal Service—1 case.
Jewish Aid Society—4 cases.
Children's Hospital Society—11 cases.
United Charities—8 cases.
Chicago Tuberculosis Institute—12 cases.
Visiting Nurse Association—4 cases.
Convalescent Homes—4 cases.
Juvenile Court—2 cases.
Board of Health—5 cases.
Social Settlements—1 case.
Rush Medical Dispensary—10 cases.
Other hospitals—6 cases.
Hinsdale Fresh Air Home—2 cases.

Also:

Private physicians—4 cases.
Wendell Real Estate Co.—1 case; got rent reduced \$2 per month.
Storm Supporter Co.—1 case; furnished supporter.

MRS. TRUMAN W. BROPHY,
Chairman.

REPORT OF VISITING AND DEVOTIONAL COMMITTEE

This Committee has 14 members who, on different days each week, have visited the hospital and during the year have made 2,190 calls. These visits have brought cheer and comfort to many lonely and discouraged hearts. Patients who come to the hospital from out of the city with no friends to visit them always are delighted to see a member of the Visiting Committee, and in many instances the visitor has been able to brighten the dull days of pain and give the sick ones something to think of besides their own infirmities, and has been a real help and blessing to them in their loneliness. The Committee has been much gratified to receive letters from patients after they have returned to their homes, thanking them for their interest in them and the kind words spoken to them. Beginning with September an entertainment under the care of Miss White has been given in the chapel the second Saturday afternoon in each month for those patients who were able to attend.

These entertainments have been given by the different churches and other friends interested in the hospital, as follows:

September—Eighth Church.

October—Central Park Church.

November—Seminary Quartette, McCormick Theological Seminary.

December—Miss Janette Durno and Miss Ellen Van Valkenburg. Mrs. John Milton Dodson in charge of the day.

January—Third Church.

February—South Park Church.

March—Amateur Musical Club, Mrs. John Milton Dodson in charge of the day.

MRS. A. A. LINCOLN,
Chairman.

REPORT OF BULLETIN COMMITTEE

For many months the Superintendent of the Hospital was impressed with the desirability of a publication which should be a link between the Hospital and those who should be interested in it, imparting to them a knowledge of its actual working. The Superintendent presented the subject to the Woman's Auxiliary Board at several of its meetings, and the result was the Bulletin, the object of which is thus stated in its initial number issued October, 1909: "It is desirable that the work accomplished by the Presbyterian Hospital should be known to its friends; but it is impossible for many, perhaps for the great majority of them, to visit it and learn by personal observation what it is doing. Therefore, it has been decided to issue this Bulletin in the hope that it may serve to bind more closely to the Hospital those who are giving it their thought, their time, their means and their prayers, and that it may also interest some to whom the name Presbyterian Hospital has been *only* a name."

It was decided that for the first year the Bulletin should be a quarterly, and that its subscription should be fifty cents a year. The following-named ladies were appointed a Committee: Mrs. Henry H. Belfield, Miss Elizabeth G. Ross, Miss Elizabeth C. Alling, Mrs. James B. Herrick, Miss Wilomene T. White.

Three numbers of the Bulletin have appeared—October, 1909, January and April, 1910, at a total expense of \$136 or, by numbers, \$65.35, \$35.90 and \$34. The bills for the first number included the half-tones for the cover and 1,000 copies; of each of the other two numbers 500 were printed.

SUMMARY.

Bills for first three numbers of Bulletin.....	\$135.25
Total receipts	103.10
Deficit	\$ 32.15

While the establishing of the Bulletin is not intended as a money-making venture, yet it is hoped that the financial returns may be sufficient to cover the expense of its publication.

MRS. HENRY H. BELFIELD,
Chairman.

REPORT OF THE ASSOCIATE MEMBERSHIP COMMITTEE FOR THE YEAR ENDING APRIL 4, 1910

Number of members, 744. Total amount received, \$1,298. Forty-one churches have been communicated with. Fourteen churches have increased their gifts, thirteen have decreased, four gave the same amount as last year, two new churches have contributed, while nine sent no response. The church giving the largest sum is the Kenwood Evangelical.

REPORT OF THE SOCIAL COMMITTEE OF THE WOMAN'S AUXILIARY BOARD OF THE PRESBYTERIAN HOSPITAL FOR THE YEAR ENDING APRIL, 1910

The Social Committee has endeavored to help the members of the Board to become better acquainted with each other, especially the new members, and to help all to become somewhat familiar with the work of the hospital.

This Committee has had charge of two afternoon meetings following the regular meetings of October and February; a box luncheon, with coffee and sandwiches furnished by the matron, was served and afterward sewing for the Hospital and a social time were the features.

We trust the objects for which this Committee was appointed are to some extent being reached.

Respectfully submitted,

MRS. R. A. CHILDS,
MRS. F. W. LEACH,
MRS. ROBERT OWENS,
MRS. HENRY HACKNEY,
MISS ANNA P. WILLIAMS,
MRS. FREDERICK P. SMITH,
Committee.

SPECIAL COMMITTEE—CHICAGO CHILDREN'S BENEFIT LEAGUE

By consent of the Board of Managers the Woman's Auxiliary Board voted in April to join the Children's Benefit League.

It was easy to promise six months in advance, but as "Tag Day," October 19, approached it was with difficulty that the consent of the members of the Board was obtained to appear on the streets as solicitors for the children's ward of the Presbyterian Hospital. The day was cloudless, the air invigorating and in city and suburbs the members and their friends kept the 100 badges busy, with a net result of \$3,871.03. Unfailing courtesy and consideration was the report of all workers, which is the guarantee of the success of a similar undertaking in autumn of the coming year.

MRS. W. J. CAMPBELL,
Chairman.

SPECIAL COMMITTEE

The Committee working for the "Child's Free Bed" among the Sabbath Schools of our Presbytery was organized but a few months ago, and while it cannot give a lengthy report, can give one of great encouragement, as it has met with welcome among the schools which have not aided before. Several of these will ask their school for this collection on Easter Sunday and more ere our closing meeting in June, and we sincerely hope, in years to come, this grand cause will occupy the attention of every Sabbath School at least once in the year.

To all our ladies working on this Committee among their churches the Chairman is most grateful, and sincerely hopes they, as well as the children who give, and the more unfortunate ones who are thus aided, may share the showers of blessings our Master so freely sends.

MRS. A. W. DRAPER,
Chairman.
